MONDAY MORNING, JUNE 10, 1867.

P. L. SHOAFF, Publisher and Proprietor.
DANIEL McLAUGHLIN, Editor.

"Heart of the American Desert."

The *Alta California* is a good newspaper, but everything that creeps into its editorials won't do to swear by, if one has any regard for the "whole truth." To read its comments editorial on Utah, in its leader of the 30th ult., one unacquainted with the fertile valleys of this Territory, would think they were barren and unproductive wastes, before the advent of the Mormons, and totally unlike any other portion of the continent. This is a grand mistake. The soil here was just as fertile as that of Nevada, Idaho, Montana, Colorado, New Mexico, Kansas, Nebraska or Arizona; or perhaps of portions of California, before the Mormons pitched their tents in the mountains. Like all the other localities named, labor was all that was required to make it bloom and produce and prosper. We are told by those who know, that forty bushels of wheat per acre is considered but an average yield; and that rye, barley, oats, and all manner of vegetables grow profusely, and yield a greater amount than is produced on the same quantity of ground in the Western States. We like to see the people of Utah get full credit for their commendable industry and thrift; but such views as the *Alta's* induce the belief that none but Mormons could have reclaimed these valleys from their primitive wildness. All such false notions deter enterprising farmers in America and Europe, who are not of the Mormon faith, from coming here to settle. "Deseret," forsooth! The missionaries sent out to Europe to ship converts here, don't win proselytes there by holding up to their listeners the barrowness of Zion, and inviting them to cast their lot in the "heart of the American Desert." A different picture is given, and one, too, that approximates nearer the reality. Free homes and a fertile soil has more charms for them, than talking about long journeys by sea and land, to bring up in waste places.

Such articles are readily devoured by the Church organs, as admissions that the people of Utah are superior to those of all other localities of America. Certainly, we cannot see it in that way, and have not the remotest idea that Utah was much of a desert, even, "when Fremont first planted the flag of his country on the shores of Salt Lake."

LUCID AND LEARNED.—As but few of our readers ever get an opportunity to read the *Telegraph*, and the few who do make such a poor fist of it, we can't resist the temptation to present the following pointed, pertinent squib from its Sunday issue:

GRUMBLING.—This is an excellent institution for both good and bad folks. Good folks—even though good, get pickish at times and they want to say something, and they pick, pick away at anything, or nothing and either serves for the time being. Good folks, of course, never intend any harm by it, and rarely ever do any harm—they never see the harm, and that is comforting. The excellences of grumbling for them is that it lets off some pent up steam and saves explosion. Now explosions are dangerous, and the letting off is the lesser evil. So much for good folks' grumbling. Now the excellence of the institution, for the other class of folks, comes in this wise—if they don't grumble, nobody would know what was in them, and no protection, of course, against their machinations. Now, keep on grumbling.

Who are the "good folks?" Hamlet once jocularly remarked "aye! there's the rub!" In this case, however, there is no "rub!" It is an open blow at those "good folks" Brother Brigham and Brother Heber. What harm if they do "get pickish" at times? Don't they get over it? The editor must not fret his plumage at such "good folks grumbling." They have a right to grumble, too; a constitutional right! Hereafter don't be quite so pointedly plain and outspoken.

Too Modest! Entirely Too Modest!!

Whoever does the leading editorials for the *Deseret News* is no sardine. He didn't find his way into the heart of the American desert in a tin box. But he is too modest; that's all! His bashfulness is the ruin of him, and he ought to remedy it. Listen to the mild fondling he does on the *Alta*, on "emmigration," Saturday's *Deseret News*:

Now, the *Alta* admits the superiority of the system we have adopted for encouraging and securing emigration, years ago a Committee of the British House of Commons complimented us, in the person of Elder S. W. Richards; then the Church Emigration Agent in Europe, for having organized the best system of carrying emigrants of any emigration company doing business within its purview.

One can't help admiring the ease and grace with which the "best system" is held up to view. Not a word is considered necessary to add to the beauty of the representation, about the "Emigration Fund" and "Tithing;" and how the emigrant is "held and firmly bound" to pay *per capitum* back into the "Fund" whatever price the church magnates in Europe may fix on. He quits the emigration system and gives another picture with the least bit of flattery in the world in it. Here it is:

At one time we are credited with being exceedingly peaceful and pre-eminently industrious; at another time with being enterprising and persevering; at another time with having more common schools in use than can be found anywhere else with the same population.

We are surprised! Indeed we are! We have been taught by the *Daily Telegraph*, right along for months, that "we"—the people of Utah—did not get any such credits; but on the contrary were "credited" with a great many things too awkward to relate. However, it may be all a mistake on the part of the *Telegraph*.

This is what takes our fancy, though! and here is where the innate modesty of the *News*-man blushes itself a crimson red:

We are admittedly temperate, orderly, prosperous, intelligent, originating plans superior to those of all others of the same kind, living and prospering where few if any but ourselves would think of locating.

Just think of that! None "but ourselves would think of locating." If there ain't a touch of the pathetic, and of self denial, then we are incompetent to judge.

REPORTS.—All day yesterday and the day before, reports of "war and rumors of war," 'twixt here and Denver, came in thick and fast. At Sulphur Springs, Bishop Sharp's train was attacked by Indians, and one man from Box Elder, named Yensen, a missionary, was killed and all the horses of the train run off. At Plum Creek station they killed the telegraph operator and another man, before scalping them, drove off the stock of McLane and Miller, and played hell generally. At Denver the people had got their backs up terribly, (having lost some Indians, we suppose) and were going out to hunt them. Rewards of money were being offered, Central City had a five thousand dollar "pot" up, and more "stakes" were being raised. General Sherman has ordered the overland line to draw off their stock, and the troops on the plains are to draw the stages from station to station by hand, if the Indians make no objection. This state of things is to continue two months, if not longer, "by order of the Maj. General commanding." It is also reported that the Government train at Bridger containing the proprietor of the VEDETTE is ordered back to Camp Douglas. If such is the case, Phil. has his "fill" of it. So much for report.

We were favored with a call from Dr. Blatchly, who is engaged in making a geological exploration of Utah, to be embodied in Ross Browne's report. He stops a short time here to examine our mines and minerals. In doing so, our people will do themselves a favor by offering him every facility in their power to bestow.—*Colorado Register*, May 30th.

A wealthy bachelor Jew, recently deceased in New York, left nearly $300,000 to charitable institutions.

HEBER ORT.—We clip the following quaint *modus operandi* of how to do it, from Saturday's *Deseret News*:

This is to certify that Morgan James has been cut off from the Church of Jesus Christ of Latter-day Saints, for stealing; also F. N. Francis, for apostacy.

JOHN W. HESS.
ARTHUR STAYNER.
JOB NELLING.

No date or locality is given, and it may perhaps be a "scare." Anyway we accept it for all it purports, and give notice to E stern and Pacific journals to deduct "two" from the estimated population of the saints in Utah, after this date. We thought none would steal but regenerators *alias* fee-fo-fums! Will wonders never cease?

INTERNAL REVENUE.—From June, 1866, to May, 1867, the States of California and Nevada paid $6,442,014 16 Internal Revenue.—*S. F. Dispatch.*

Good! How much has Utah paid in the same time? Will "JUSTICE" please answer?

The Missouri *Democrat* favors the nomination of Edwin M. Stanton for President by the Republican party. Yet, in its issue of the 20th inst. it devotes a column to the claims of Missouri for the next Presidential candidate.

Chief Justice W. A. Little, of Nebraska, is dead.

Its extensive circulation in every mining camp and city of Montana and Idaho, to which it gives the telegraphic dispatches a whole week ahead of the Pacific papers, makes it the most advantageous medium for advertising in these four central Territories.

LOCAL AND MISCELLANEOUS.

SHOOTING.—On last Saturday night about 12 o'clock the people were startled from their slumbers, in the neighborhood of the Occidental Hotel, by the discharge of pistol shots. Every body knew at once it was some unfortunate gentile or apostate who was sent to his account with all his imperfections on his head, and fear and trembling took possession of their frames. A few who mustered courage enough, ventured out into the night, to the scene of "murder most foul," and found a "dog" in an expiring attitude, and evidently preparing to yield up the ghost. He had been prowling about there. Moral.—All good dogs take warning, and don't prowl late at night.

CHEATING THE INDIANS.—A part of the coach load of celebrities who left here on Saturday morning for the east, armed like an arsenal, determined to run the gauntlet of savage warfare, and part with their scalp sooner than turn tail on the savages. They jolted along merrily and bravely that day, to Weber, when a change came over the spirit of their waking moments as well as their dreams. At that point a council of war was indulged in, and the truth of the old "saw" that "discretion is the better part of valor," unanimously adopted. They had business back here that needed their personal attention. The noble red man is swindled this time, sure!

LOST HIS BACON.—On Saturday last, as one of Mr. White's wagons was coming out of the canyon, on the road to America, the embankment overlooking the stream gave way, and precipitated wagon, team and four thousand pounds of bacon into the torrent below. The team and wagon were gotten out with difficulty, but the bacon was washed out by the force of the water, and went under. This is a severe loss to Mr. White.

LUMBER.—All persons in want of lumber of the best quality will know where to get it if they read James Finnerty's advertisement. Everybody should have enough of good clear white pine lumber on hand to make a coffin. It will be "so handy to have in the house," if the Indians make a "call."

POSTPONED.—The opening of bids for fuel, forage, and straw, at Fort Bridger, has been postponed until Friday, June 15th.

Senator Doolittle left Washington recently, for New York. He intends making a trip to Europe this Summer, and will visit the Paris Exposition.

The Merchants' and Manufacturers'

JEWELRY ASSOCIATION

Calls your attention to the fact of its being the largest and most popular Jewelry Association in the United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and the recent disastrous financial crisis in Europe, has caused the failure of a large number of Jewelry houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instances less than one-third the cost of manufacturing. We have lately purchased very largely of these Bankrupt Goods, at such extremely low prices that we can afford to send away Finer Goods, and give better chances to draw the most valuable prizes, than any other establishment doing a similar business. OUR AIM IS TO PLEASE, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than One Dollar, retail, and there are no Blanks. Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or express.

The following parties have recently drawn valuable prizes from the Merchants' & Manufacturers' Jewelry Association, and have kindly allowed the use of their names:

Frederick V. Browne, Esq., Treasury Department, Washington, D. C., piano, value, $450; Miss Anna L. Frost, Waverley Terrace, N. Y. City, Ladies' gold enameled and diamond set watch, value, $300; William B. Emmons, New Orleans, La., sewing machine, value $75; George L. Davenport, Mobile, Ala., silver tea set, value, $200; Miss Lucy Orcutt, Albany, Ill., sewing machine, value, $65; Mrs. Mary J. Downing, Louisville, Ky., gold watch, value, $200; James B. Fewler, Harrisburg, Pa., silver hunting-case watch, value, $75; Rev. William Peyser, Milwaukie, Wis., Wheeler & Wilson sewing machine, value $125; J. J. Bickford, San Francisco, Cal., gold lined silver tea set, value, $300; Edward L. Rice, St. Louis, Mo., melodeon, value, $250; Miss Helen E. Sinclair, Detroit, Mich., diamond cluster ring, value, $225; Horatio G. Frost, Chicago, Ill., large oil painting, value, $300; Mrs Charlotte E. Hewins, Doniphan, Kansas, Chickering grand piano, value, $700, and music box, value, $65.

Many names could be placed on the list, but we publish no names without permission. Our patrons are desired to send us U. S. currency when convenient.

LOUIS A. GARNETT, ...President and Manager
JOHN HEWSTON, Jr.....Chemist and Superintendent

This Company having greatly enlarged their Refining Works, and introduced many other important improvements, are pleased to announce that they feel warranted in again reducing materially their terms of doing business.

The Tariff of Charges

Which they now submit to the public—considered with reference to the cost of material and labor—is lower than in any other part of the world, and secures to the mining interest of this coast an important increase in both the minting and commercial value of bullion.

Their charges hereafter will be as follows:

For Assaying Deposits for Unparted Gold Bars.

One-eighth of one per cent. (heretofore a quarter) for all amounts over $1,600, and two dollars for any smaller sum. Returns made in twenty-four hours.

For Assaying Deposits for Unparted Silver Bars.

Two dollars for the gold contained, up to $1,600, and one-eighth of one per cent. for all amounts over that sum, and one per cent. on the silver contained. Returns made in twenty-four hours.

For Refining Deposits made for Coin or Fine Bars.

On bullion under 300 parts gold, 2 cents per ounce
On bullion from 300½@600 parts gold, 4 cents per ounce.
On bullion from 600½@750 parts gold, 6 cents per ounce.
On bullion from 750½@949½ parts gold, 8 cents per ounce.
Above 950 the only charge will be for coinage. But there will be no charge for refining less than two dollars.

For Coining Gold.

This charge will be the same as at the Mint—a half of one per cent.—and which is paid by us to that institution. But there will be no charge in future for making fine gold or silver bars from bullion refined by us.

Returns in Coin Made in Forty-Eight Hours.

Silver contained in deposits for coin will be accounted for at the same rate customary at the Mint.

Gold bars of other Assayers in good standing, will be cashed by us at the highest market rates.

Dust and bullion can be forwarded to us from any part of the country, and returns made through Wells Fargo & Co.'s Express.

Charges at U. S. Branch Mint.

For the convenience of those not familiar with the terms of the Mint, we subjoin the tariff of charges now in force at that Institution:

For refining bullion under 300 parts gold, 3 cents per ounce.

For refining bullion from 300½@600 parts gold, 5 cents per ounce.

For refining bullion from 600½@750 parts gold, 7 cents per ounce.

For refining bullion from 750½@830 parts gold, 11 cents per ounce.

For refining bullion from 830½@949½ parts gold, 14 cents per ounce.

The charge for coinage is half of one per cent., and the charge for making fine silver bars, the same.

Comparing the net value of deposits for coinage, with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost ½ of one per cent.—they must be sold at the following par rates to equal the return which would have been made had they been deposited for coinage:

830 par to equal Mint return, at refining charge of 14 cents.

845 par to equal Mint return, at refining charge of 11 cents.

865 par to equal San Francisco A. & R. Works return at refining charge of 8 cents. [mr21-3m-is
